(ABLLS-R). Walnut Hill, CA: Behavior Analysts, Inc.

Assessment of Basic Language and Learning Skills Revised

The ABLLS-R includes two components: the Assessment Protocol and the Scoring Instructions and IEP
Development Guide. The Protocol provides precise, criterion-referenced information about a child's
existing skills and the conditions under which the child uses these skills.

(ABLLS-R) Assessment of Basic Language and Learning Skills

Once The ABLLS has been done with a student as a pre-assessment, the Skills Tracking System chart is
filled in with the results. The Skills Tracking System can be used to make IEP goals for the student.

Introduction to The Assessment of Basic Language and

Because the ABLLS-R is a criterion-referenced measure and not a norm-referenced measure, the child is
compared to a set of skills, not to other children of the same age or grade. No standard scores are derived.
The end result is a hierarchy of skills to teach that are tailored to the unique needs of the student.
