The Elementary Forms of the Religious Life. In The Elementary Forms of the Religious Life, Durkheim lays bare the roots of human religiosity through an in-depth examination of the most primitive forms of religion then known on the very edges of an ever-encroaching "modernity". Through this look at "primitive" man,...

Durkheim's Two Problems. Durkheim's primary purpose in The Elementary Forms was to describe and explain the most primitive religion known to man. But if his interests thus bore some external similarity to those of the ethnographer or historian, his ultimate purpose went well beyond the reconstruction of an archaic culture for its own sake; on the contrary, as in The Division of Labor and ...

The Elementary Forms of the Religious Life (1912)

In the Elementary forms of religious life, Durkheim seeks to show that society is the soul of religion "that society is the foundation of all religious belief. Religion has its origins in totemism. Totems are collective symbols that represent both god and society.

The reception of Durkheim's *The Elementary Forms of Religious Life* has been marked by rancorous criticism in Europe and in America. In France for instance, Durkheim's objectivist views of society as an external reality irreducible to individuals was vigorously resisted by Gabriel de Tarde, who insisted on an imitation theory of social facts.
