Retrofuturism (adjective retrofuturistic or retrofuture) is a trend in the creative arts showing the influence of depictions of the future produced in an earlier era. If "futurism is sometimes called a 'science' bent on anticipating what will come, retrofuturism is the remembering of that anticipation."Characterized by a blend of old-fashioned "retro styles" with futuristic technology ...

A bioeconomy can be defined as an economy where the basic building blocks for materials, chemicals and energy are derived from renewable biological resources. This paper provides an overview of the bioeconomy in Europe, examining it from a policy framework and concept perspective. The role of bioenergy in the bioeconomy is discussed particularly through biofuels for transport and biorefineries.
