Education in China is a state-run system of public education run by the Ministry of Education. All citizens must attend school for at least nine years, known as the nine-year compulsory education, which is funded by the government. Compulsory education includes six years of primary education, starting at age six or seven, and three years of junior secondary education (junior middle school) for ...

7 5. When we should infuse entrepreneurship into education is increasingly clear in theory, but in practice

much remains to be done. In theory we should start at an early age with a wide definition of entrepreneurship embedded across the curriculum and relevant to all students, preferably in preschool
