A capital gains tax (CGT) is a tax on capital gains, the profit realized on the sale of a non-inventory asset that was greater than the amount realized on the sale. The most common capital gains are realized from the sale of stocks, bonds, precious metals, and property. Not all countries implement a capital gains tax and most have different rates of taxation for individuals and corporations.

Capital gains tax - Wikipedia

In the United States of America, individuals and corporations pay U.S. federal income tax on the net total of all their capital gains. The tax rate depends on both the investor's tax bracket and the amount of time the investment was held. Short-term capital gains are taxed at the investor's ordinary income tax rate and are defined as investments held for a year or less before being sold.
