Like most everyone else who makes projects out of wood, I've been wanting a solid top, heavy duty workbench for years. In my last shop I simply didn't have the room and in my current shop I put it off several times as other projects would come up and I couldn't find a long enough span to dedicate to the build.

A razor strop (or razor strap) is a flexible strip of leather, canvas, denim fabric, balsa wood, or other soft material, used to straighten and polish the blade of a straight razor, a knife, or a woodworking tool like a chisel. In many cases stropping re-aligns parts of the blade edge that have been bent out of alignment. In other cases, especially when abrasive polishing compound is used ...
