### **Religions of the world: numbers of adherents; growth rates**

Growth of religion is the spread of religions and the increase of religious adherents around the world. The statistics are commonly measured by the absolute number of adherents, the percentage of the absolute growth per year, and the growth of the number of converts in the world. Projections of future religious adherence are based on assumptions that trends, total fertility rates, life ...

There have been several meetings referred to as a Parliament of the World's Religions, the first being the World's Parliament of Religions of 1893, which was an attempt to create a global dialogue of faiths. The event was celebrated by another conference on its centenary in 1993. This led to a new series of conferences under the official title Parliament of the World's Religions.
