Youth Unemployment in Europe and the United States* This paper focuses particularly on youth unemployment, why we should be concerned about it, why it is increasing again, how the present difficulties of young people entering the labour market differ from those of the past and what useful lessons have been learned that may guide future policy.

Youth Unemployment in Europe and the United States

Radicalization of youth is becoming one of the most important threats of international terrorism in the world today. Socially isolated, disenchanted young men turn to extremism in their search for identity, acceptance and purpose. This paper addresses this major implication for counter-terrorism in the U.S., Canada and Western Europe.

Radicalization of Youth as a Growing Concern for Counter

If average unemployment in France or Belgium is around 10%, it is commonly 20% within Muslim communities and even 40% among Muslim youth " the famous "Third generation". This reinforces the feeling of exclusion; - Democracy, globalisation and a communication culture give people in Europe direct access to information.

The radicalisation of Muslim youth in Europe: The reality

Youth Delegates: Youth delegates are part of a country's official delegation and are appointed by the national Ministry of Foreign Affairs. In many countries, youth delegates are initially selected by key national youth organizations or a National Youth Council and are then confirmed by the government ministry responsible for youth issues.
